The International Digital Media and AI Competition and Exhibition The International Student Film Festival 2025!

We are proud to announce the opening of submissions for digital projects and AI-based films for the International Digital Media Competition, held as part of the 27th International Student Film Festival!

This is the eighth year that the competition and digital media exhibition are being held as part of the festival, showcasing the most innovative and exciting works in the world of new media.

The festival will take place from June 25 to July 2, 2025, at the Tel Aviv Cinematheque.

The event provides young creators from around the world with the opportunity to present their talents, participate in fascinating lectures, masterclasses, celebratory tributes, and special exhibitions dedicated to the leading creators in new media.

This year, the competition will feature a new and exciting category dedicated to AI-based films, reflecting the central role of this technology in the creation of innovative digital works.

The competition emphasizes works that utilize digital technologies to immerse the audience in rich and inspiring worlds. The competition will focus on the following fields:

- **Web / VR / AR / MR / Spherical Video (360)**
- **Transmedia Storytelling / VFX Based Narrative / Interactive Storytelling / Web Series**
- **AI-Based Narrative**

Final deadline for registration and project submission: February 23, 2025.

Submissions must be made exclusively through the ****FilmChief**** system.
